

A Leading Community Resource

Abilities of Florida, A ServiceSource Affiliate is a leading community resource to Floridians, including veterans and people with disabilities. In 2002, we affiliated with ServiceSource, joining a network of top-tier nonprofit organizations working in tandem to build more inclusive communities for individuals with disabilities nationwide. Abilities of Florida proudly serves thousands of veterans and people with disabilities annually. To learn more about Abilities of Florida, visit www.abilities.org.

Forensic Vocational Evaluation Program

The Florida Forensic Vocational Evaluation program offers specialized vocational evaluations that provide critical insights for cases involving personal injury, workers' compensation, marital dissolution, and more.

Our comprehensive evaluations are meticulously designed to withstand the highest level of scrutiny, making them an invaluable asset for establishing or disputing claims. With objective data at your fingertips, you are better poised to negotiate favorable settlements or benefits for your clients.

Types of Evaluations Provided include:

Personal Injury

Abilities of Florida specializes in Forensic Vocational Evaluations that assess the impact of injuries on ability to work and provide robust evidence to build a compelling case.

Workers Compensation

We offer specialized vocational evaluations designed to provide critical insights into cases involving workplace injuries.

Marital Dissolution

Navigating the complex issues of marital dissolution requires accurate, reliable data to support claims for spousal and child support. Abilities of Florida brings a fresh, data-driven approach to Forensic Vocational Evaluations, offering specialized services for family law and divorce proceedings.

Other Services

Beyond our well-established offerings in personal injury, workers' compensation, and marital dissolution, Abilities of Florida is equipped to assist with other vocational evaluation needs.

Long-Term Disability and Social Security Disability

Substantiate claims for long-term or Social Security disability benefits with evaluations that focus on the nuances of how disability impacts employability.

Veteran Benefits

Our commitment to serving those who've served extends to conducting evaluations that help establish disability ratings for benefits through the Department of Veterans Affairs.

Rehabilitation Services

We collaborate closely with rehabilitation centers, offering assessments that gauge the impact of disabilities or injuries on vocational prospects and map a pathway back to meaningful employment.

Job Accommodation Assessments

Our services include helping employers create practical job accommodations for employees with disabilities

Americans with Disabilities Act Compliance and Employment Discrimination

Disability discrimination and Americans with Disabilities Act (ADA) compliance are sensitive matters. Our assessments offer objective data to help resolve cases related to employment discrimination and accommodation needs.

Career Transition and Educational Planning

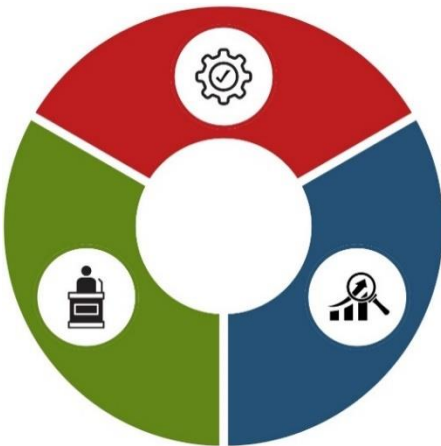

Our evaluations provide actionable insights into aptitudes, interests, and market opportunities for educational planning and career transitions.

Immigration and Special Cases

Our rigorously substantiated vocational assessments establishing individual's employability and skill level can be a pivotal asset in immigration proceedings and other unique cases.

Our Approach

Abilities of Florida Provides:

Custom-Tailored Solutions

Our evaluations consider a range of variables, including medical conditions, educational background, skill set, and current labor market conditions, to provide an accurate, comprehensive assessment.

Quantifiable Metrics for Stronger Claims

Abilities of Florida uses advanced research tools and statistical methods to quantify the impact of claims on vocational prospects.

Expert Witness Services

Our professionals present comprehensive findings in an easy-to-understand format that illuminates complex issues for fact finders.
